

REMARKS

Claim 42 is revised presently. Support for the amendment is found in the application, *e.g.*, at paragraph 0045. No claims have been added or canceled. Upon entry of this paper, therefore, claims 1-31 and 35-54 will be pending

In response to the election-of-species requirement, applicants provisionally elect (i) “suspension” as a form of the claimed compositions and (ii) “polyethylene glycol” as a species of carrier/binder/diluent. Claims 27-29, 31, 35-38, 40-46, and 48-53 read on the elected species.

Applicants respectfully traverse the election requirement on the grounds that there would not be a serious burden to examine all of the species together. In any event, applicants understand that, once a generic claim is found allowable, then Examiner Juedes will consider a reasonable number of additional species, as required by 37 C.F.R. § 1.141.

In the meantime, the Commissioner is hereby authorized to charge any additional fees, which may be required under 37 C.F.R. §§ 1.16-1.17, and to credit any overpayment to Deposit Account No. 19-0741.

Respectfully submitted,
